George Ridgway, Superintendent
Arizona State Industrial School
Fort Grant, Arizona

Dear Mr. Ridgway:

This is in reference to your request for an opinion as to the legality of expending the sum of \$137.70 which has been encumbered under endowment earnings for the purpose of securing 27 views of the State Industrial School and plates of these views to be used in your print shop and to be published in the school paper, pamphlets and annual reports.

Your letter of November 5, 1952, with the attached scenic folder previously printed, and a copy of your school paper for the month of October, 1952, have been reviewed.

Based on the information now on hand as set forth in your letters of October 27, 1952, and November 5, 1952, it is our opinion that the expenditure contemplated by you may be authorized under the provisions of the General Appropriations Act, contained in Section 10-939 ACA 1939, as amended, Subsection 33, as a necessary part of your educational program in the print shop and school in general, provided such expenditures are reasonable.

Very truly yours,

FRED O. WILSON
Attorney General
